

# Life Cycle Support Policy – COVID19 Data Products & Services hosted by VCGI

This Life Cycle Support Policy is designed to communicate to the State of Vermont’s public **COVID19 Open Data Service** users the life span of COVID19 resources, and to provide advanced notification of planned changes.

**DISCLAIMER:** VCGI and the State of Vermont make no representations of any kind, including but not limited to the warranties of merchantability or fitness for a particular use, nor are any such warranties to be implied with respect to the COVID19 data products, Open Data Services, and data.

## POLICIES

- SERVICE LEVEL:** Support hours are from 7:45am 4:30pm, weekdays, excluding official State of Vermont holidays, until further notice.
 

Availability <sup>1</sup>	% Downtime per year	Downtime per month	Downtime per week
98%	7.30 days	14.4 hours	3.36 hours
- UPDATE FREQUENCY:** The goal is to update the Open Data Services by 1:00pm on Wednesdays, excluding official State of Vermont holidays, until further notice. However, this should not be construed as a guarantee given unforeseen circumstances.
- CHANGES TO SERVICES:** Under this policy VCGI has the option to modify public facing COVID19 data products and/or Open Data Services listed in Table 1 and 2 without notice.
- DEPRECATION OF SERVICES:** Under this policy VCGI will give 3 days’ notice prior to the deprecation (removal) of a Open Data Services listed in Table 1 and 2. Notices will be posted on the *Vermont Open Geodata Data Portal’s* [COVID19 page](#). Users are responsible for checking this page regularly for posted deprecation notices. VCGI will not contact users directly regarding planned changes.
- DATA DOWNLOADS:** Certain COVID19 datasets are available for download from Vermont’s Open Geodata Portal (<https://geodata.vermont.gov/pages/covid-19>). These are updated by 2:00PM EST on the days defined under the “service level” above. *IMPORTANT NOTE: At times these downloads DO NOT reflect the latest data because of technical issues with Esri’s ArcGIS Online download caching system. VCGI has no control over this system and therefore cannot guarantee that all datasets will be refreshed by 2:00PM EST<sup>2</sup>.*
- EXCLUSIONS:** All other COVID19 related items under VCGI’s ArcGIS Online account are explicitly exempt from this policy and are not supported by VCGI and the State of Vermont.

<sup>1</sup> Esri ArcGIS Online (AGO) outages are beyond the control of VCGI and the State of Vermont and are therefore not counted as downtime.

<sup>2</sup> An alternate CSV download solution is available here [https://drive.google.com/drive/folders/1hUC\\_tlSEbTJEHo2tvn1I22kDlkBwl2mk](https://drive.google.com/drive/folders/1hUC_tlSEbTJEHo2tvn1I22kDlkBwl2mk).

**PRODUCTS:** COVID19 data products hosted by VCGI on Esri’s ArcGIS Online SaaS platform.
